FOR IMMEDIATE RELEASE

Announcing a 10% Dividend For active participants in Irving Weber Associates national Workers' Compensation Safety Group for fabricare businesses.

Adam Weber, President of Irving Weber Associates said – “This 10% dividend which will be paid in early March, marks the 41st consecutive dividend to active participants in our program. Congratulations once again! This dividend, along with the advance discounts and rate deviations enjoyed by our group members produced a substantial savings off the cost of their workers' compensation insurance for the June 2005 – June 2006 policy year.

Dividends are the result of the diligent application of safe practices, outstanding management and the cooperation of all participating policyholders in the group.”

Workers compensation insurance under this program, which is underwritten by Great Central Insurance Company, a member of the Argonaut Group, is just a part of an overall package of specialized insurance products that Irving Weber Associates offers to protect today's Fabricare operations.

Recently endorsed by the International Fabricare Institute (IFI) the IWA Fabricare Insurance Program offers the following programs to Fabricare Specialists:

Business Owners Insurance	Automobile Insurance
